The Myth and Mystery of UFOs Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television

series blurred the boundaries between science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth

The Encyclopedia of Unsolved Mysteries Colin Wilson,Damon Wilson,2024-12-20 From the bestselling author of THE OUTSIDER Is the Shroud of Turin a holy relic or a clever fake What was the coded message that made a poor French priest a millionaire and does it prove that the crucifixion was a fraud And what lies at the bottom of the 200 foot shaft on Oak Island Newfoundland where two centuries of digging have yet to unearth the buried treasure that must be there In THE ENCYCLOPEDIA OF UNSOLVED MYSTERIES Colin Wilson presents an astonishing variety of unsolved riddles and enduring enigmas to prove that our everyday world is stranger than we believe wilder than we can imagine Ranging in content from Atlantis to the Bermuda Triangle and from Kaspar Hauser to the identity of Shakespeare Colin Wilson s ENCYCLOPEDIA OF UNSOLVED MYSTERIES is a comprehensive examination of the most baffling mysteries of our time **The Book of Great Mysteries** Colin Wilson,Christopher Riche Evans,1990 **History's Greatest Mysteries** Bill Price,2017-01-29 History s Greatest Mysteries delves into the grey areas to examine the imponderable and sometimes unlikely stories of actual events and real people From the gruesome murders committed by Jack the Ripper to the whereabouts of Lord Lucan and from the loss of an entire continent to the case of a missing racehorse we take a canter through history in an effort to shed a little light on to questions which in all honesty are never going to yield definitive answers Some of the stories related in the following pages are deadly serious some rather less so There are cases of determined individuals who have struggled against the odds in an attempt to unravel the truth while in others people have not let the facts get in the way and have made up any old nonsense by way of an explanation Flying Saucers Don Nardo,1996 Discusses the debate over whether unidentified flying objects really exist and how belief in them affects our culture **The Great Flying Saucer Hoax** Coral E.
