Ford Bronco Pete Evanow, 2023-12-19 From the first drawings in the early 1960s to today's uber popular new Bronco get the full story of Ford's legendary SUV in this stunningly illustrated volume When Ford introduced the Bronco for the 1966 model year its intent was to get a slice of the off road and outdoor enthusiast utility market then owned by the popular Jeep CJ and International Harvester Scout What Ford couldn't know at the time was that it was creating a legend a rugged square shouldered vehicle that would exist in its original form through 1977 and in various guises for a further 20 years wrapping up its first life in 1996 Since the Bronco's retirement the SUV crossover sector has become the dominant segment of the automotive market Nearly all manufacturers even exotics like Lamborghini and Bentley offer SUVs in their line ups In fact Ford has largely discontinued passenger vehicles except the Mustang in favor of trucks and SUVs Simultaneously the collector market has turned its eye to vintage SUVs and trucks the former growing significantly over the past 5 years Classic Broncos have doubled in value over that period regularly selling at prices ranging from 40K to 100K The story picks up in 2017 when Ford announced plans to revive one of its most hallowed nameplates Bronco Brilliantly styled to pick up the beloved boxy cues of the original customers began dropping deposits as soon as the order books opened Ford still struggles to meet demand with speculators flipping new Broncos on the secondary market for thousands over invoice Beautifully produced and expertly written Ford Bronco is a must have book for all Bronco and SUV enthusiasts
