Weems JR., 2010-10-01 Much has changed since

the first edition of Lovett Weems's seminal work *Church Leadership* appeared in 1993. In that time a substantial literature about leading the congregation has appeared, written from a broad variety of perspectives. But in some ways little has changed in that time. The need for leadership in the church, defined as discovering the faithful future into which God is calling the congregation and walking with the congregation into that future, is just as pressing as it ever was. And for that reason the need for clear, insightful thinking about leadership is just as great as it ever was. In this revised edition, Weems draws on the best new ideas and research in organizational leadership yet, always with his trademark theological grounding foremost in mind. Anyone who guides the life of a congregation, be they clergy or laity, will find *Church Leadership* the indispensable tool with which to follow their calling to be a church leader.

**Making Disciples, Making Leaders--Participant Workbook, Second Edition** Steven P. Eason, E. Von Clemens, 2016-01-04 The second edition of the widely used *Making Disciples Making Leaders* is a comprehensive guide for creating effective spiritual leaders in the Presbyterian Church U.S.A. With almost two decades of combined experience in training church leaders, Eason and Clemens have designed resources that can be customized to fit your church's unique needs. The book introduces biblical principles for leadership before describing the important task of the nominating committee. Pastors then receive a step-by-step curriculum for a four-session leadership training course. With updates for the revised Form of Government, *Making Disciples Making Leaders Participant Workbook* includes worship aids, handouts, worksheets, quizzes, and study guides.

**Take the Next Step** Lovett H. Weems Jr., 2011-07-01 Learn how to work for genuine and effective change in your church without trying to throw out everything that has gone before. Pastors and other congregational leaders are eager to institute meaningful and effective change in their congregations. They know that old attitudes and perspectives prevent the church from fulfilling its mission to make disciples of Jesus Christ. Yet too often church advocates insist that if genuine change is to occur in the church, then everything must change. The board must be wiped clean, and new technologies, new worship styles, and even new theologies must replace what has come before. The problem with such calls for radical change, says Lovett Weems Jr., is that they are not true to the way that genuine and lasting change takes place. Like every other organization, churches rest on a cultural foundation of shared assumptions, values, and practices. The paradox of successful change is that this foundation is at the same time the source of resistance to change and what makes change possible. Lasting transformational change grows out of the congregation's current sense of its story and its mission. Transformational leaders know how to build on the church's identity, making new ministries and emphasizing the natural extension of what has gone before. In other words, they know how to make the story of change the next chapter in the book of the congregation's life, rather than throwing the book away and trying to start over. An astute student of management and leadership theory, Weems offers congregational leaders essential insights into how they can work with and through their churches' ministries to bring about authentic and faithful growth.
