## **Force Recon Diary 1970:**

**Force Recon Diary, 1970** Bruce H. Norton, 2013-11-15 The quiet of the night was again shattered by the thunderous roll of incoming artillery shells spaced five seconds apart ripping the jungle to pieces as huge chunks of earth and vegetation blew skyward under the brilliant flashes of orange and white explosions The possibility of encountering more NVA troops moving through our area was high as we had pushed a very great stick into their nest But our demonstrated ability to find the enemy and wait for the most opportune time to hit him while remaining totally undetected gave us reason to be pleased It also gave the NVA reason for concern In *Force Recon Diary 1970* Bruce Doc Norton offers a harrowing sequel to his best selling *Force Recon Diary 1969* continuing the true story of a navy corpsman who became a Force Recon Team Leader behind enemy lines in the jungles of Vietnam In the midst of a war set deep in the jungle the Force Recon Marines often found themselves lacking food drinkable water explosives or even enough radio batteries Armed with only their own courage skills and loyalty to their brothers in arms the Marines used stealth and cunning to survive in the harsh conditions of Vietnam where one mistake could prove fatal not just for an individual Marine but for the entire unit **Force Recon Diary, 1970** Bruce H. Norton, 1992 In the thick of a jungle war where there often wasn't enough food enough water enough air support enough explosives or even enough radio batteries the vulnerable Force Recon Marines knew that the only things that could keep them alive were their courage their skills and their loyalty to one another Here is the story of a Force Recon Company that put its lethal skills to work to make sure its team could survive combat behind enemy lines where one slip could mean body bags for everyone *Force Recon Diary, 1969-1970* Bruce H. Norton, 1969 *Force Recon Diary, 1969* Major Bruce H. Norton, 2015-09-16 Elite and highly trained the 3d Force Recon's eight man teams were assigned to obtain vital information about NVA operations Alone the men of these small teams were sent behind enemy lines where they all knew that a single mistake could cost everyone their lives United States Navy Hospital Corpsman Bruce Norton was the only navy corpsman to act as a Marine Force Recon Team Leader In *Force Recon Diary 1969* Doc Norton chronicles his life mission by mission with the 3d Force Recon in the DMZ and the A Shau Valley He describes the tense patrols the supreme courage the sacrifices in ambushes and hot landing zones that made this courageous company one of only two Marine units during the entire Vietnam War to receive the United States Army's Valorous Unit Citation *Historical Dictionary of the War in Vietnam* Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the*

War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War *Blood Warriors* Col. Michael Lee Lanning,2007-12-18 Rangers Green Berets SEALs Delta Force LRRPs Force Recon and the struggle of the best and the bravest to keep America free They re some of the toughest and most highly trained fighting men in the world going where no ordinary soldier would go and doing what no ordinary soldier would dare Outnumbered and outgunned operating in small teams of five or six deep in enemy territory far from help they rely on their wits their skills and each other to get out alive Blood Warriors is a penetrating no holds barred account of the training missions and history of the military elites who mold America s most dangerous and highly skilled warriors from the navy s SEALs and the Marine Corps Force Reconnaissance to the U S Army s Delta Force Rangers and Special Forces Here s an in depth look at each unit s methods and standards what s required and what it takes to survive and succeed Whether gathering intelligence capturing prisoners executing raids and ambushes or just creating havoc in enemy territory these men know that death is their constant companion and one small misstep could mean body bags for everyone Maybe that s why America calls them heroes A

*Shau* Jay Phillips,2021-05-11 Nestled in Vietnam s Thua Thien Province west of the city of Hue and bordering Laos the narrow 40 kilometer long A Shau Valley situated between densely forested mountain ranges witnessed prolonged campaigning throughout the Vietnam War and served as a hub of the Communist supply network as well as a key point of access to South Vietnam Drawing upon an impressive array of archival materials this deeply researched book offers the first comprehensive account of operations and battles that transpired there during the war coupled with a trenchant analysis of the American failure to wrest control of the Valley despite years of commitment of troops and resources and how that failure contributed to the final outcome of the war In so doing it not only sheds light on where military tactics and strategy devised by American leaders went awry but also traces the extraordinary acts of heroism on the part of American soldiers many of whom lost their lives fighting the North Vietnamese in this hostile forbidding terrain This book which fills a gap in the historiography of the Vietnam War will appeal to scholars seeking to enhance their understanding of major events and turning points in the war as well as to students of military history and strategy *Fortune Favors the Brave* Bruce F.
