Fear and Joy: a life in and out of diapers Ben Ingram,2024-10-04 We all have a tale to tell about how we started wearing nappies or diapers and each tale is different There are varying themes but there is the one consistent one that diapers called to us when we were young and that attraction grew to become a siren call We were helpless in the embrace of that cloth diaper or plastic disposable that for reasons we didn't understand and maybe never did drew us to wear and wet them For some it was part of wanting to be a baby again and for others a response to extended bedwetting For others still it was just the nappy just the feel of its comfort and security As children these feelings are tough to handle never mind understand Adults don't understand and most react badly or worse This 60 000 word illustrated book is the story of one UK boy growing up in the 70s and 80s as a late bedwetter whose attraction to nappies has remained to him up until this day **Idols**
