## **For The Good Of The Order Examining The Shifting Paradigm Within Freemasonry:**

**For the Good of the Order** John Bizzack Ph. D., John Bizzack, 2013-07-06 What has transpired in North American Freemasonry since the 1960s has been influenced by not only factors external to the institution but less obvious internal ones as well To better understand where the Craft has been and where it will likely be in the future requires a balanced examination in context a context wherein Freemasonry is viewed as a whole not in fragments For the Good of the Order examines the long standing attitude regarding membership decline and lack of engagement by men who enter the West Gate with initial enthusiasm but soon find their zeal for active involvement in the Fraternity waning This panoramic view and examination illustrates that much of what the institution faces today and in the future regarding membership decline is much more likely to be effectively addressed by what is often seen emerging in Masonry today around the country a return to past traditions and practicing traditional Freemasonry in our lodges

Oscar Patterson III, 2017-08-09 Modern Freemasonry in the United States and Great Britain celebrates its 300th anniversary in 2017 tracing its direct history from the Grand Lodge of England founded in 1717 This text is intended to provide a theory of origin for the Fraternity It is based on available sources many of which are not Masonic in nature but cover the disciplines of history religion ethics economics politics and labor development The book begins with an overview of how the Fraternity initiated members in the seventeenth and early eighteenth centuries and includes the ancient Legend of Noah It then reviews how history is written and exams the utilization of Biblical and legendary accounts in the development of a country s peoples or organization s history The text moves on to the transition from craft guild to fraternal organization and gives the full text of Freemasonry s four oldest documents Regius Poem Cooke Manuscript Graham Manuscript and Schaw Statutes This is followed by a description of the London Masons Company based on the assumption that this city wide organization of craftsmen chartered in 1481 may have been the administrative precursor of the Grand Lodge of England The author then reviews the demise of craft guilds and the rise of fraternal societies in the seventeenth and eighteenth centuries Additional chapters review the Masonic approach to ritual education and ethical decision making The text closes with a discussion of the philosophy of Freemasonry as well as comments and suggestions regarding Freemasonry s future The last chapter is a Scottish Charge appropriate to all men not just Freemasons

### *Interpreting Masonic Ritual* Oscar Patterson III, 2016-11-28

*Interpreting Masonic Ritual* endeavors to addresses the depth of the ritualistic experience through a discussion of what ritual means to man as well as what man means to ritual Ritual teaches us about reality but we will not come to a full understanding of it if we disparage what others do and view their actions from a position of pseudo intellectual or cultural superiority Ritual is the core of Freemasonry and is that thing which sets it apart from so many organizations It is the key to the Freemason s secrets and the manner through which they transmit our beautiful system of morality It is something to be treasured maintained taught elevated evaluated and above reinforced through proper performance decorum and setting

*Biblical Eschatology*: Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emery wrote an article titled An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

Freemasonry The Bible is open when the lodge opens the Bible is closed when the lodge closes No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy Law lies open upon its altar It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message So mote it be May the mystery begin Lodge Leadership Matt R. Nelson, 2012-12-01 As it is with many things in life when we have achieved the end goal the diploma the last degree there arises the question Now what For the young Master Mason who is looking to make his mark in the Fraternity this book is intended to answer the question Now what Lodge Leadership starts Masons young and old on the quest of becoming a better leader Detailed in the book is a five step program to help members prepare and execute the skills of an excellent leader The five step program starts with the investigation Brother Nelson explains some of the best methods used to execute a productive investigation Then Nelson presents the importance of being a mentor and clarifies ways to do it He challenges readers to learn the ritual with exactness and to study the code Each of these four chapters ends with three challenges to the reader to help implement what they have read thereby refining their skills as a leader The fifth step to Nelson's Masonic Reform is leadership Nelson details preparations growth and maturity of leadership and how the reader can best serve and grow as a leader of their Lodge Again Nelson sets forth challenges to the reader to help prepare them for leadership within as well as without their own Lodge Finally Nelson concludes with sobering challenges and encourages the reader to question their motives and desires to lead Speaking plainly Nelson shows how we often allow for personal treason in our lives and how narcissism has crept into the order of the Freemasons Nelson has accomplished a raw guide to Masonic reform Reaffirming the importance of learning and study in Freemasonry Nelson makes the very important point that it is ultimately the responsibility of the individual Mason to transform the leadership of the fraternity and propel the Freemasons into the new era *Studies in Freemasonry and the Compagnonnage* René Guénon, 2004 Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past

Brought to Light J. Scott Kenney, 2016-04-02 Secret societies are becoming increasingly controversial thrust into public awareness by popular books films the Internet and a host of recent documentaries In academia this exposure finds a parallel in the proliferation of research institutes and conferences Yet the media depictions tend to be caricatures a playing to pervasive stereotypes for public consumption while the academic stress historical and philological matters Indeed to the extent a sociological focus exists it largely emphasizes the roles these groups played in social history And for the societies members themselves there has been a paucity of work on the contemporary meaning of these groups a neglect made mystifying by the vast social changes that have taken place over the past century In this study and for the first time by any scholar Kenney moves beyond history and applies the methods and theoretical tools of contemporary sociology to study the lived world of freemasons in today s society To provide a clear portrait of the patterned experiences of contemporary freemasons and the issues faced by the Craft today Kenney draws on qualitative data from three primary sources 1 extensive interviews with 121 contemporary freemasons in Newfoundland and Nova Scotia 2 video footage shot for a feature film on contemporary freemasonry and 3 his observations and experiences in nearly fifteen years as a freemason Brought to Light provides a highly original contribution to sociology Masonic scholarship and the social sciences generally
