cell phone the Garmin Express app for your computer the Garmin Connect on line app and finally how to use Garmin BaseCamp to plan activities that will be accomplished using the fenix 5x It is impossible to fit everything the fenix can do into one small book All of the examples used throughout this book are based on the Hike activity I believe that the Running and Cycling activities will operate identically to the Hike activity But there is nothing in this book about using the fenix for Golf nor for Swimming nor for using Exercise Equipment Even so what is in this book will provide a good background no matter what activity you wish to pursue
