The Killing of Osama Bin Laden Seymour M. Hersh, 2017-05-02 An electrifying investigation of the White House lies about the assassination of Osama bin Laden from a Pulitzer Prize winner hailed as the greatest investigative journalist of his era New Yorker An explosive account Los Angeles Times In 2011 an elite group of US Navy SEALs stormed an enclosure in the Pakistani city of Abbottabad and killed Osama bin Laden the man the United States had begun chasing before the devastating attacks of 9 11 The news did much to boost President Obama s first term and played a major part in his reelection victory of the following year But much of the story of that night as presented to the world was incomplete or a lie The evidence of what actually went on remains hidden At the same time the full story of the United States involvement in the Syrian civil war has been kept behind a diplomatic curtain concealed by doublespeak It is a policy of obfuscation that has compelled the White House to turn a blind eye to Turkey s involvement in supporting ISIS and its predecessors in Syria This investigation which began as a series of essays in the London Review of Books has ignited a firestorm of controversy in the world media In his introduction Hersh asks what will be the legacy of Obama s time in office Was it an era of change we can believe in or a season of lies and compromises that continued George W Bush s misconceived War on Terror How did he lose the confidence of the general in charge of America s forces who acted in direct contradiction to the White House What else do we not know
