*Empowering and Advancing Women Leaders and Entrepreneurs* Haoucha, Malika, 2024-05-31 Women living in rural regions today still often struggle to harness the full potential of mobile internet for their economic empowerment despite a rapidly evolving digital landscape. This limitation hinders their ability to engage in online selling, job searching, and accessing public services, thereby constraining potential economic opportunities. The powerful research book *Empowering and Advancing Women Leaders and Entrepreneurs* presents a comprehensive analysis of the impact of mobile internet on gender-inclusive economic empowerment, offering innovative solutions to enhance rural entrepreneurs' digital skills and knowledge. The underrepresentation of women in leadership roles globally must be addressed to advance gender equity. This book examines the systemic barriers, including stereotypes and biases, that impede women's advancement in leadership positions. By proposing coordinated solutions involving corporations, governments, and civil society, such as allyship building and policy reforms, the book aims to reduce gender gaps in leadership and foster a more inclusive society. Through its insightful analysis and practical recommendations, this book is a valuable resource for scholars, policymakers, and practitioners seeking to promote gender equality and inclusive development and underscores the necessity of their roles for this initiative. *God's Empowered Women* Dr. Stella B. Faithful Transformations Nurhaizatul Jamil, 2025-07-08

Malay Muslim women in Singapore cultivate piety by attending popular Islamic self help classes Nurhaizatul Jamil s ethnographic study offers an interdisciplinary analysis of this phenomenon The Islamic self help classes in this book exist at the nexus of sacred texts aphorisms and social media engagements scaffolded by the neoliberal economy that shapes idealized Muslim subjectivities Within a context whereby the Singapore state discursively frames Malayness in terms of cultural deficiency Malay Muslim women s inward focus on transformative ethics rather than societal change underscores the appeal of gendered pious self help discourses At the same time Jamil s referencing of Black Indigenous and Ethnic studies offers a compelling analytical frame that places affective transformation within the context of racial capitalism historical trauma and embodied healing A provocative and rich ethnography Faithful Transformations tells the stories of Malay Muslim women desiring piety and self improvement as minoritized subjects in contemporary Singapore while exploring the limitations of self care

**Good Music** John J. Sheinbaum, 2018-11-29 Over the past two centuries Western culture has largely valorized a particular kind of good music highly serious wondrously deep stylistically authentic heroically created and strikingly original and at the same time has marginalized music that does not live up to those ideals In Good Music John J Sheinbaum explores these traditional models for valuing music By engaging examples such as Handel oratorios Beethoven and Mahler symphonies jazz improvisations Bruce Springsteen and prog rock he argues that metaphors of perfection do justice to neither the perceived strengths nor the assumed weaknesses of the music in question Instead he proposes an alternative model of appreciation where abstract notions of virtue need not dictate our understanding Good music can with pride be playful rather than serious diverse rather than unified engaging to both body and mind in dialogue with manifold styles and genres and collaborative to the core We can widen the scope of what music we value and reconsider the conventional rituals surrounding it while retaining the joys of making music listening closely and caring passionately
