Aryeh, 2024-01-24 **A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM** After several interactions with Muslims

of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad s legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher s youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion s early beginnings by exploring the historical and societal development of the Arab peoples Second this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood Finally the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors

Masculinities in the Court Tales of Daniel Brian Charles

DiPalma,2018-02-02 In this volume Brian Charles DiPalma examines masculinities in the court tales of Daniel as a test case for issues facing the burgeoning area of gender studies in the Hebrew Bible In doing so it both analyses how the court tales of Daniel portray the characters in terms of configurations of masculinity in their socio historical context and also seeks to advance gender studies in the Hebrew Bible on theoretical methodological and political grounds Masculinities in the Court Tales of Daniel is therefore of interest not only to scholars working on Daniel but also biblical scholars studying gender in the Hebrew Bible more broadly including those engaged in feminist criticism queer criticism and studies of masculinity as well as anyone studying gender within an ancient Near Eastern context
