Economic Collapse Bobby Akart,2016-04-19 All empires collapse eventually, and America is no exception. Their reign ends when they are defeated by a larger and more powerful enemy, or when their financing runs out. From the bestselling author of CYBER WARFARE and EMP (Electromagnetic Pulse), Bobby Akart undertakes a detailed review of the history of empires and nation-states and their ultimate demise. ECONOMIC COLLAPSE is a primer on the reality that our nation will ultimately perish at the hands of economic and societal collapse. The United States economy can collapse as a result of our own government's mismanagement of our national debt or external factors such as a global financial meltdown, an attack on the US Dollar, and other predictable events. Why do you think the Federal Reserve is so frightened of raising interest rates despite apparent underlying inflation data? Our economy is a house of cards. We are just a few steps away from a collapse of the dollar and hyperinflation. History is replete with the rise and fall of empires. Are Americans so arrogant or oblivious to realize that we are in a stage of decline and collapse? Some of the signs of decline include a downward cultural spiral, an over-reliance on government, and the inability to protect the integrity of a nation's borders. Sound familiar? All empires collapse eventually. There have been no exceptions in the history of

humanity None All empires end when a more vigorous empire defeats them or when their financing runs out If you think the scenarios contained in The Big Short by Michael Lewis opened eyes Economic Collapse by Bobby Akart will keep you up at night thinking about prepping Because you never know when the day before is the day before Prepare for tomorrow ABOUT THE PREPPING FOR TOMORROW SERIES Freedom Preppers came together in 2011 to share research with others on the subject of prepping Originally designed as an informational website FreedomPreppers.com quickly grew in prominence as its articles on preparedness were shared around the web The goal of the Prepping for Tomorrow series is twofold First provide a detailed analysis of the threats we face as Americans Second give new and seasoned preppers alike the opportunity to enhance their preparedness plan with this knowledge PRAISE FOR THE AUTHOR and PREPPING FOR TOMORROW SERIES Bobby Akart possesses the analytic capability of a supercomputer coupled with the expressiveness of an exceptional writer Amazon Reviews A terrifyingly realistic prescient new series which can only be described as prophetic G Michael Hopf best selling author of The New World series Considering how intertwined financial markets and computers are these days Bobby Akart's warning resonates like Paul Revere riding through the streets of Boston Joseph Souza award winning author of Unpaved Surfaces Being a fellow Tennessean not too far from my neck of the woods I can tell you he is one individual I plan to link up with when if it hits the fan Steve Bird Author of the New Homefront series 36 Hours Bobby Akart, 2016-08-07 WHAT WOULD YOU DO if a voice was screaming in your head GET READY for a catastrophic event of epic proportions with no idea where to start or how or when This is a true story it just hasn't happened yet A new dystopian post apocalyptic fiction series from six time best selling author Bobby Akart The Boston Brahmin series and the Prepping for Tomorrow series The characters depicted in The Blackout Series are fictional The events however are based upon fact This is not the story of preppers with stockpiles of food weapons and a hidden bunker This is the story of Colton Ryman his stay at home wife Madison and their teenage daughter Alex In 36 Hours the Ryman family and the rest of the world will be thrust into the darkness of a post apocalyptic world A catastrophic solar flare an EMP a threat from above to America's soft underbelly below is hurtling toward our planet The Rymans have never heard of preppers and have no concept of what prepping entails But they're learning while they run out of time Their faith will be tested their freedom will be threatened but their family will survive An EMP naturally generated from our sun in the form of a solar flare has happened before and it will happen again in only 36 Hours This is a story about how our sun the planet's source of life can also devastate our modern world It's a story about panic chaos and the final straws that shattered an already thin veneer of civility It is a warning to us all never underestimate the depravity of man What would you do when the clock strikes zero Midnight is forever Note This book does not contain strong language It is intended to entertain and inform audiences of all ages including teen and young adults Although some scenes depict the realistic threat our nation faces from a devastating solar flare and the societal collapse which will result in the aftermath it does not contain graphic scenes typical of other books in the post apocalyptic genre
