## **Exploring English Grammar From Formal To Functional:**

*Exploring English Grammar* Caroline Coffin, Jim Donohue, Sarah North, 2013-04-15 This engaging textbook bridges the gap between traditional and functional grammar. Starting with a traditional approach, students will develop a firm grasp of traditional tools for analysis and learn how SFG (Systemic Functional Grammar) can be used to enrich the traditional formal approach. Using a problem-solving approach, readers explore how grammatical structures function in different contexts by using a wide variety of thought-provoking and motivating texts, including advertisements, cartoons, phone calls, and chatroom dialogue. Each chapter focuses on a real-world issue or problem that can be investigated linguistically, such as mis-translation or problems arising from a communication disorder. By working on these problems, students will become equipped to understand and analyze formal and functional grammar in different genres and styles. With usable and accessible activities throughout, *Exploring English Grammar* is ideal for upper undergraduate and postgraduate students of English language and linguistics.

**The Routledge Handbook of English Language Teaching** Graham Hall, 2016-05-12 The Routledge Handbook of English Language Teaching is the definitive reference volume for postgraduate and advanced undergraduate students of Applied Linguistics, ELT, TESOL, and Language Teacher Education, and for ELT professionals engaged in in-service teacher development and/or undertaking academic study. Progressing from broader contextual issues to a narrower focus on classrooms and classroom discourse, the volume's inter-related themes focus on ELT in the world, contexts and goals, planning and organising ELT curriculum, resources and settings, methods and methodology, perspectives and practices, second language learning and learners, teaching language knowledge, skills and pedagogy, understanding the language classroom. The Handbook's 39 chapters are written by leading figures in ELT from around the world. Mindful of the diverse pedagogical, institutional, and social contexts for ELT, they convincingly present the key issues, areas of debate and dispute, and likely future developments in ELT from an applied linguistics perspective. Throughout the volume, readers are encouraged to develop their own thinking and practice in contextually appropriate ways, assisted by discussion questions and
