menace for computer systems worldwide network hacking can result in mysterious server crashes data loss and other
problems that are not only costly to fix but difficult to recognize Author John Chirillo knows how these can be prevented and
in this book he brings to the table the perspective of someone who has been invited to break into the networks of many
Fortune 1000 companies in order to evaluate their security policies and conduct security audits He gets inside every detail of
the hacker s world including how hackers exploit security holes in private and public networks and how network hacking
tools work As a huge value add the author is including the first release of a powerful software hack attack tool that can be

Christ the same yesterday and today and forever Heb 13 8 God is still using people just as he did in the Bible Those stories
were put there for us to see how God can take a nobody and turn them into a somebody without asking anybody We are all
connected with a silver cord Eccles 12 6 7 This is not a puppet string Because God loves us so much he will not come against
our choice We have the lifeline to communicate with him and to hear his voice My sheep listen to my voice and I know them
and they follow me And I give eternal life to them and they will never perish and no one will snatch them out of My hand My
Father who has given them to Me is greater than all and no one is able to snatch them out of the Father s hand I and the
