basics In this 1 hour DVD Rick shows you how to get great photos using a variety of lighting sources camera specific techniques and basic rules of photography [You Can Take Better Pictures In One Hour: Sunlight Shooting](#) Robert Kerner,2014-08-18 Cameras and direct sunlight do not work well together Direct sunlight is the hardest lighting situation to take pictures in because you have no control of it and very few options to try to modify it This book teaches and demonstrates how to get the best pictures possible shooting in direct sunlight on a sunny day The more you know about photography the better your pictures will be and the more you will enjoy photography You will quickly understand the concepts and learn the techniques without a lot of words to confuse you so you can go out and take some awesome photographs Page count was never a concern to me covering the concepts was I d rather have 30 very informative and useful pages than 300 pages of fluff An average reader should be able to get through this book in about an hour and see an instant improvement in the pictures they take You will not need to take out a loan for the tools I ll show you The most expensive tool I recommend is about 40 with most of them being far less than that down to a few pennies or free I wrote my first photography ebook to fill the need for a short easy to understand basic photography guide In *You Can Take Better Pictures In One Hour The Basics* I covered the topics and concepts you need to know to take good pictures without all the confusing rhetoric that every book I had reviewed had in it It was about knowing your camera and using to the limits of its features Good photography is only 10 percent about the camera It is 90 percent about the person taking the pictures I continued to write books on how to take better pictures including posing people for pictures This is the first of the lighting topics with several more to come

Photography Ailsa McWhinnie,Philip Andrews,2004 *You Can Take Better Pictures In One Hour - Cloudy Day Shooting* *You Can Take Better Pictures, #5* Robert Kerner,2014-11-17 This book is about taking pictures on a cloudy day The light on a cloudy day is the best lighting conditions for taking pictures outdoors However you need to know how to use the conditions to your advantage This book will show you how to get the best pictures from the natural light and how to use a reflector or a flash to enhance the natural to get the best pictures possible Good pictures are only 10% from the camera but they are 90% about the person taking the picture This series of books gives you the 90% you need to get great pictures with this book about taking pictures on a cloudy day *You Can Take Better Pictures in One Hour: Nighttime shooting* Robert Kerner,2015-03-31 This book shows the techniques and skills to take awesome pictures at night The tools and accessories shown in the book are inexpensive so anyone with a camera can take great night pictures Most of the accessories are household items put to good use The book begins with landscape pictures at dawn or dusk proceeds to timed exposures and ends with night pictures of people using creative methods of lighting The chapter about creative lighting at night shows how to use handheld flashes flashlights color gels and even a laser pointer to get pictures that most people would need to hours of Photoshop to produce but you will be able to take them directly with the camera The chapters are short and without technical terms You will quickly be able to understand the concepts and put them to immediate use in your photography *Creative*
