R. Hege, 2020-02-05 Faith doubt and reason are universal human faculties yet they are frequently misunderstood denigrated and even abused What does it mean to have faith and what distinguishes faith from belief Can someone have faith without religious commitments What is doubt and what is its relationship to faith and belief How do we make sense of evil and suffering What roles does reason play in our lives What do we do when we have the sneaking suspicion that life is absurd What do we love and what do we fear How do faith doubt and reason interrelate Faith doubt and reason not only can work together they must work together if we are to live lives of meaning and purpose This book explores the significance of these three universal human faculties and the central role they play in our quest for the meaning of life Drawing on classic texts in theology philosophy literature and the Bible Faith Doubt and Reason invites readers to delve deeply into the quest for the meaning of life in all its ambiguity mystery and tragic beauty [African Evangelicalism and the Transformation of Africa](#) Jacob K. Olupona, 2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays

in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today

Transcripts of the Sacred in Nigeria Nimi Wariboko, 2023-06-20 *Transcripts of the Sacred in Nigeria* explores how the sacred plays itself out in contemporary Africa It offers a creative analysis of the logics and dynamics of the sacred understood as the constellation of im possibility available to a given community in religion politics epistemology economic development and reactionary violence Using the tools of philosophy postcolonial criticism political theory African studies religious studies and cultural studies Wariboko reveals the intricate connections between the sacred and the existential conditions that characterize disorder terror trauma despair and hope in the postcolonial Africa The sacred Wariboko argues is not about religion or divinity but the set of possibilities opened to a people or denied them the sum total of possibilities conceivable given their level of social technological and economic development These possibilities profoundly speak to the present political moment in sub Saharan Africa

Carl Rogers and Paul Tillich in Dialogue: Doug Bower, 2019-12-09 Carl Rogers by the time of his death had influenced psychology counseling and education in ways that defy the efforts of many professionals and scholars Paul Tillich influenced theology and philosophy in similar ways If anyone wishes to study in the fields mentioned that person has to deal with this thinkers It is with fear and trepidation I approach the Rogers Tillich dialogue held in 1965 at San Diego State University in 1965 I am but a mere mortal who had his brain scrambled by these two giants

Navigating Post-Truth and Alternative Facts Jennifer Baldwin, 2018-09-15 *Navigating Post Truth and Alternative Facts Religion and Science as Political Theology* is an edited volume that explores the critical intersection of religion and science and our contemporary political and social landscape with a tailored eye towards the epistemological and hermeneutical impact of the post truth society The rise of the post truth society has specific importance and inherent risk for nearly all academic disciplines and researchers When personal beliefs regarding climate change trump scientific consensus research projects are defunded results are hidden or undermined and all of us are at a greater vulnerability to extreme weather patterns When expertise itself becomes suspect we become a nation lead by fools When data is overcome by alternative facts and truth in any form is suspect where is the space for religious and or scientific

scholarship The central curiosity of this volume is what is the role of religion and science scholarship in a post truth society
This text explores truth lies fear populism politics faith the environment post modernity and our shared public life
