**Theorizing Film Acting** Aaron Taylor, 2012-10-02 This comprehensive collection provides theoretical accounts of the grounds and phenomenon of film acting The volume features entries by some of the most prominent scholars on film acting who collectively represent the various theoretical traditions that constitute the discipline of film studies Each section proposes novel ways of considering the recurring motifs in academic enquiries into film acting including 1 the mutually contingent problematic of description and interpretation 2 the intricacies of bodily dynamics and their reception by audiences 3 the significance of star performance and 4 the impact of evolving technologies and film styles on acting traditions *Movie Maker*, 1981 *Kiplinger's Personal Finance*, 1978-08 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics *Super 8 Filmmaker*, 1976 *The Complete Guide to Stereo Equipment* Consumer Guide Editors, 1979 *Steven Spielberg's Children* Linda Ruth Williams, 2025-08-12 Why has Steven Spielberg's work been so often identified with childhood and children How does the director elicit such complex performances from his young actors Steven Spielberg's *Children* is the first book to investigate children childhood and Spielberg's employment of child actors together and in depth Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as *E.T. The Extra Terrestrial* *A.I. Artificial Intelligence* and *Empire of the Sun* as well as less discussed roles in films such as *War of the Worlds* *The BFG* and *Jurassic Park* this book shows children to be key players in the director's articulation of childhood since the 1970s Steven Spielberg's *Children* presents children and childhood in some surprising ways not only analyzing boyhood and girlhood according to Spielberg but considering children as alien adult children who refuse to grow up and children who aren't even human It discusses the way in which children have served to cast Spielberg as a sentimentalist but also how they are more frequently framed as complex cruel and canny The child might be dangled as bait in an exploitation horror scenario *Jaws* might become the image of universal higher beings *Close Encounters of the Third Kind* or might be a young cultural creator like the director was himself *The Fabelmans* born with a camera glued to his eye The child on both sides of the camera is a resonant image signifying all that adult culture wants it to be yet resisting this through authorship of their own stories The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema and how Spielberg's children have fared as performers and celebrities **Super 8 Filmmaker**, 1980 *Popular Mechanics*, 1973-12 *Popular Mechanics* inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **EUMIG Manual for Better Home Movies** Rudolfo Hansham, 1959 **Eumig Manual for Better Home Movies** R.
