*The Cavalries at Stones River* Dennis W. Belcher, 2017-04-24 At the Battle of Stones River General David Stanley's Union cavalry repeatedly fought General Joseph Wheeler's Confederate cavalry The campaign saw some of the most desperately fought mounted engagements in the Civil War's Western Theater and marked the end of the Southern cavalry's dominance in Tennessee This history describes the events leading up to the battle and the key actions including the December 31 attack by Wheeler's cavalry the Union counterattack the repulse of General John Wharton by the 1st Michigan Engineers and Wheeler's daring raid on the rear of Williams Rosecrans' army The author reassesses the actions of General John Pegram's cavalry brigade

*Hell by the Acre* Daniel A. Masters, 2024-11-21 Explores the pivotal Stones River Campaign of 1862-1863 detailing the intense battles and firsthand accounts that turned the tide for the Union Army The waning days of 1862 marked a nadir in the fortunes of the

Union After major defeats at Fredericksburg in Virginia and Chickasaw Bayou in Mississippi it fell to Maj Gen William S Rosecrans and his Army of the Cumberland to secure a victory that would give military teeth to the Emancipation Proclamation set to take effect on January 1 1863 Rosecrans moved his army out of Nashville on the day after Christmas to Murfreesboro met Gen Braxton Bragg s Army of Tennessee and fought one of the largest and bloodiest battles of the war The full campaign with extensive new material and coverage is the subject of Daniel Masters new *Hell by the Acre A Narrative History of the Stones River Campaign November 1862 January 1863* The opposing armies 44 000 men under Rosecrans and 37 000 under Bragg locked bayonets on December 31 1862 in some of the hardest fighting of the war Bragg s initial attack drove the Federals back nearly three miles captured 29 cannons and thousands of prisoners Somehow the Union lines held firm during the critical fighting along the Nashville Pike that afternoon against repeated determined attacks that left both armies bloodied and exhausted The decisive moment came two days later when in the fading afternoon of January 2 1863 Bragg launched an assault on an isolated Union division on the east bank of Stones River Once again the Confederates enjoyed initial success only to be repulsed by 58 Union guns arrayed along the west bank and a daring counterattack This repulse broke Bragg s hold on Murfreesboro He retreated the following night leaving Rosecrans and his army victors of the field Stones River was the quintessential soldiers battle Prior books focus more on the generalship and high level commands than the often forgotten men in the ranks Masters constructed his study from the ground up by focusing on the experiences of the front line troops through hundreds of archival and firsthand accounts many of which have never been published *Hell by the Acre* is an unparalleled soldier s view of Civil War combat and tactical command Stones River marked a turning point for Federal fortunes in the Western Theater and this fresh and original study sets forth the hefty cost of securing that victory for the Union

*Records of the American Catholic Historical Society of Philadelphia* ,1925      **Radical Warrior** David Dixon,2023-08-18 An estimated 200 000 men of German birth enlisted in the Union Army during the Civil War far more than any other contemporary foreign born population One of these Prussian Army officer Johann August Ernst von Willich led a remarkable life of integrity commitment to a cause and interaction with leading lights of the nineteenth century After resigning from the Prussian Army due to his republican beliefs Willich led armed insurrections during the revolutions of 1848 49 with Friedrich Engels as his aide de camp Ever committed to the goal of universal human rights he once dueled a disciple of Karl Marx whom he thought too conservative Willich emigrated to the United States in 1853 eventually making his way to Cincinnati where he served as editor of the daily labor newspaper the Cincinnati Republican With exhaustive research in both English and German language sources author David T Dixon chronicles the life of this ingenious military leader a man who could also be stubborn impulsive and even foolhardy risking his life unnecessarily in the face of overwhelming odds As soon as shots were fired at Fort Sumter fifty year old Willich helped raise a regiment to fight for the Union Though he had been a lieutenant in Europe he enlisted as a private He later commanded an all German regiment rose to the rank of

brigadier general and was later brevetted major general Dixon's vivid narrative places the Civil War in a global context. For Willich and other so-called Forty Eighters who emigrated after the European revolutions, the nature and implications of the conflict turned not on Lincoln's conservative goal of maintaining the national Union but on issues of social justice including slavery, free labor, and popular self-government. It was a war not simply to heal sectional divides but to restore the soul of the nation and, in Willich's own words, defend the rights of man.

The Politics of Memory Miranda Fraley, 2004. This dissertation examines the evolution of Civil War memories in Rutherford County, Tennessee, from the 1860s to the present. It explores how race, gender, and regional identities shaped individuals' perspectives on the war, commemorative events, and organizations and the development of historic sites such as Stones River National Battlefield. This study demonstrates how civilians and soldiers began to understand and commemorate this war before the conflict ended. It discusses the two main local commemorative groups, Union and Confederate, and how they evolved over time. This dissertation complicates the history of Civil War battlefields managed by the federal government by investigating the relationships between Stones River National Battlefield, African American landowners and park neighbors, and local white Confederate sympathizers. Investigating Confederate memory on a local level exposes the unequal struggle for leadership of this movement between white women and men. Although women largely created and sustained Confederate commemoration in the county, men usurped their projects and positions of authority during times like the 1890s and 1960s when political and social developments menaced white male supremacy. Gendered disputes between white men and women helped transform Confederate commemoration over time from a culture of mourning to a celebration of white soldiers' heroism and finally into a form of entertainment that glorified the
