## **Genesis 1-15 Volume 1 Word Biblical Commentary:**

Genesis 1-15, Volume 1 Gordon John Wenham, 2017-10-10 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

**Overview of Commentary Organization** Introduction covers issues pertaining to the whole book including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope. Translation: the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses yet in reasonably good English. Notes: the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure: Setting a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment: verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation: brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1. within the context of the book itself; 2. its meaning in the OT or NT; 3. its place in the entire canon; 4. theological relevance to broader OT or NT issues. General Bibliography: occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

*Genesis 1-15* Gordon J. Wenham, 1987      **Word biblical commentary** Gordon J. Wenham, 1987      *The Characters of Creation* Daniel Darling, 2022-06-07 Most Christians are familiar with the opening words of Genesis: "In the beginning, God created the heavens and the earth." But push beyond those iconic words, and sometimes the details get a little hazy. And strange: God walked around in a garden, Eve was made from Adam's rib, a talking serpent, and what the in the world were the Nephilim. In *The Characters of Creation*, Daniel Darling re-introduces readers to the story they thought they knew. He explains the Bible's story of how we got here and how things got messed up, and gives fresh insights into the first people in God's unfolding plan of redemption: from Adam and Eve, The Serpent, Cain and Abel, and Noah.

Divine Simplicity Steven J. Duby,2015-12-17 Steven J Duby examines the doctrine of divine simplicity This discussion is centered around the three distinguishing features grounding in biblical exegesis use of Thomas Aquinas and the Reformed Orthodox and the writings of modern systematic and philosophical theologians Duby outlines the general history of the Christian doctrine of divine simplicity and discusses the methodological traits and essential contents of the dogmatic account He substantiates the claims of the doctrine of divine simplicity by demonstrating that they are implied and required by the scriptural account of God Duby considers how simplicity is inferred from God s singularity and aseity as well as how it is inferred from God s immutability and infinity and the Christian doctrine of creation The discussion ends with the response to major objections to

simplicity namely that the doctrine does not pay heed to the plurality of the divine attributes that it eradicates God's freedom in creating the world and acting toward us and that it does not cohere with the personal distinctions to be made in the doctrine of the Trinity
