My Dear Daughter Edward Fram,2007-12-31 How did Jewish women in sixteenth century Poland learn all the rules rituals and customs pertaining to the sexual life of couples within the context of marriage As in other areas of ritual life that

concerned the household it would seem that the primary source for the education of Jewish women was other women. But rabbinic law dictates that Jewish women who experience uterine bleeding are prohibited from having physical contact of any kind with their husbands and the intricate laws of niddah enforced separation spell out exactly when and under what circumstances physical marital relations even simple touching can be resumed. Particularly difficult issues could be addressed only by rabbis or other learned men since women rarely if ever attained the level of rabbinic scholarship necessary to parse the details of these complicated laws. To educate both men and women but particularly women in a more systematic and impersonal manner the young rabbi Benjamin Slonik ca 1550 after 1620 who later became one of the leading rabbinic authorities in eastern Europe harnessed the relatively new technology of printing and published a how to book for women in the Yiddish vernacular *Seder mitzvot hanashim* The Order of Women's Commandments illuminates the history of Yiddish printing and public education. But it is also a rare remnant of a direct interface between a member of the rabbinic elite and the laity especially women. Slonik's text also sheds light on the history of Jewish law particularly the reception of the *Shulhan Arukh* an important legal code that had just been published. This volume makes available the 1585 edition of the *Seder mitzvot hanashim* in Yiddish and English. Fram sets Slonik's work in its bibliographical and historical contexts demonstrating its relationship with the *Shulhan Arukh* exploring how rabbis opposed formal education for women considering how upheavals accompanying geographic shifts in the Ashkenazic community help explain how the women's commandments texts came to be used in Poland and offering a treasure trove of information on the place and roles of women in Polish Jewish society. Fram thus creates a composite picture of how Slonik along with other men of his time perceived the main audience for his work and sought to connect it to contemporary texts.

Jerold C. Frakes, 2017. This book is a comprehensive introductory manual that guides beginners to a functional reading knowledge of late medieval and early modern Yiddish c. 1100-1750. It is the first such manual to exist for that language whose early literary tradition comprises a range of genres as broad as other contemporary European literary traditions. The guide is organized as a series of progressively more complex lessons focused on key texts of the literary corpus which are presented in their authentic form as found in manuscripts and early printed books. The lessons seek to accommodate readers ranging from absolute beginners to those who might already know Hebrew, medieval German or modern Yiddish. The focal texts are the Old Yiddish midrashic heroic lay *Joseph the Righteous* from the earliest extant manuscript collection of Yiddish literature 1382, the Middle Yiddish romance adventure tale *Briyo and Zimro* from a later collection 1585 and a full canto of the Middle Yiddish epic *Pariz and Viene* 1594 each with full glosses and a step by step introduction to the morphology, syntax and phonology. Each lesson also includes a brief supplemental text that cumulatively demonstrates the broad cultural range of the corpus. In addition several appendices of supplementary material round out the volume including a collection of additional readings, a table of the manuscript hands and printing fonts employed in the volume and a full end glossary of all Yiddish words found in the texts.
