Earned Value Guide:

A Practical Guide to Earned Value Project Management Charles I. Budd PMP, Charlene M. Budd PhD, CPA, CMA, CFM, PMP, 2009-10-01 The Best Resource on Earned Value Management Just Got Better This completely revised and updated guide to earned value EV project management is the go to choice for both corporate and government professionals A Practical Guide to Earned Value Project Management Second Edition first offers a general overview of basic project management best practices and then delves into detailed information on EV metrics and criteria EV reporting mechanisms and the 32 criteria of earned value management systems EVMS promulgated by the American National Standards Institute and the Electronic Industries Alliance and adopted by the Department of Defense This second edition includes new material on EV metrics Implementing EVMS Government contracts Time based earned schedule metrics Critical chain methodologies The Government Manager's Guide to Earned Value Management Charles I. Budd PMP, Charlene S. Budd PhD, CPA, CMA, CFM, PMP, 2013-12-01 This volume presents practical guidance for the government manager on earned value management EVM from basic calculations to how to find the most useful information online Emphasis is on the relevant reports that contractors are required to submit to the federal government as part of their compliance with mandated EVM on projects Because the data submitted on reports do not translate automatically into recommendations for actions to be taken information is included on how to analyze and evaluate contractor reports This book is a must read for understanding EVM on government projects *The Standard for Earned Value Management* Project Management Institute, 2020-04-13 Earned value management EVM is a management methodology for integrating scope schedule and resources objectively measuring project performance and progress and forecasting project outcome It is considered by many to be one of the most effective performance measurement and feedback tools for managing projects The Standard for Earned Value Management builds on the concepts for EVM described in the Practice Standard for Earned Value Management and includes enhanced project delivery information by integrating concepts and practices from the PMBOK Guide Sixth Edition and The Agile Practice Guide A central theme in this standard is the recognition that the definition for value in EVM has expanded While the term retains its traditional definition in terms of project cost it embraces current practice by including the concept of earned schedule This standard also integrates hybrid methodologies that blend together historical EVM concepts with the needs of the agile practitioner all with an eye towards aiding the project team in enhancing overall project delivery This standard is a useful tool for experienced project management practitioners who are seeking to expand and update their knowledge of the field as well as less experienced practitioners who want to learn other approaches for managing project performance It provides insight and detailed explanations of the basic elements and processes of EVM and demonstrates how to scale EVM to fit varying project sizes and situations This standard includes graphical examples and detailed explanations that will enable the reader to establish and implement EVM on projects in almost any environment and of almost every size When

used together with good project management principles EVM methodology will provide a greater return on any project and results that will directly benefit your organization

Code of Federal Regulations ,2016 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries **Code of Federal Regulations, Title 48, Federal Acquisition Regulations System, Chapter 2 (Pt. 201-299), Revised as of October 1, 2009** Office of the Federal Register,2009-12-23 *Department of Defense Earned Value Management Implementation Guide October 2006* United States Government Defense Contract Management Agency (Dcma),2006-10-31 This guide provides the uniform procedures which have been approved by the Director Defense Contract Management Agency DCMA under assigned authority as the Department of Defense s Executive Agent for Earned Value Management Systems EVMS This document has been coordinated by SAF AQ SAF FM ASA ALT ASN RD A MDA PO NSA CSS and DCAA This document provides guidance to be used during the implementation and surveillance of EVMS established in compliance with DoD Guidelines Part I of this guide provides guidance for understanding EVMS concepts describes objective guidelines for EVM systems and provides guidance in interpreting those guidelines for use on Government contracts and programs Part 2 contains a description of procedures and processes for Government personnel for specifying evaluating and implementing EVM systems Part 2 also contains instructions and tailoring guidance for applying EVM requirements to contracts an introduction to analyzing performance baseline review and maintenance and other post award activities Additional reference material is contained in the appendices It should be noted that Department of Defense DoD EVM policy not only applies to contracts with industry but to intra government activities as well Throughout this document the term contract refers to both contracts with private industry as well as agreements with intra governmental activities that meet the DoD reporting thresholds Similarly the term contractor refers to entities within both private industry and Government This document was developed to serve as the central EVMS guidance document for DoD personnel Throughout the Earned Value Management Implementation Guide EVMIG additional references are made to additional sources of information such as EVMS standards handbooks guidebooks and websites These additional sources should be consulted as appropriate
