Earthly Visions Theology And The Challenges Of Art

**Thomas M. Crisp, Steve L. Porter, Gregg
A. Ten Elshof**

Earthly Visions Theology And The Challenges Of Art:

Earthly Visions Timothy Gorringer, 2011 This stimulating book argues that great art can function as a secular parable that is like the parables of Jesus art can lead viewers to reflect on the reality and presence of God in the world T J Gorringer examines representative secular paintings of the most significant types mythological themes genre painting portraiture landscape still life abstract art showing how each type can point toward God whether by envisaging an alternative future creating aesthetic delight or teaching us to see things differently His provocative study challenges the notion that art since the 15th century has become increasingly secularized Gorringer gives careful consideration to each work's historical background and artistic context as well as to art historical and critical appraisals With an ecumenical approach he then provides an insightful argument for how each piece can be read theologically Although readers may sometimes disagree with his theological stance or his interpretation of specific works his engaging commentary provokes reflection and challenges deeper questioning and awareness *T&T Clark Handbook of Theology and the Arts* Stephen M. Garrett, Imogen Adkins, 2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God's glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality *Hans Urs von Balthasar and the Phenomenology of Art* Brett David Potter, 2022-09-23 The work of the influential Jesuit theologian Hans Urs von Balthasar 1905 1988 has become a common point of reference in discussing the relationship of theology and the arts However the full significance of his theological aesthetics for both the emerging field of theology and the arts as well as for interdisciplinary conversation with contemporary art and theory remains to be unfolded This book explores the ways in which Balthasar's theological aesthetics when taken together with his theological dramatics and theo logic yield a theologically informed phenomenology of the work of art with rich implications for contemporary theologies of art By investigating the nature and disclosure of beauty and being through art Balthasar's theological re reading of Heidegger his theo dramatic relation of all forms to Christ

and his phenomenology of truth Balthasar's philosophical and theological insights into the nature of art are presented as a resource for a constructive theology of art which springs from the depths of his theological aesthetics *Christian Scholarship in the Twenty-First Century* Thomas M. Crisp, Steve L. Porter, Gregg A. Ten Elshof, 2014-09-19 The Christian tradition provides a wealth of insight into perennial human questions about the shape of the good life human happiness virtue justice wealth and poverty spiritual growth and much else besides and Christian scholars can do great good by bringing that rich tradition into conversation with the broader culture But what is the nature and purpose of distinctively Christian scholarship and what does that imply for the life and calling of the Christian scholar What is it about Christian scholarship that makes it Christian Ten eminent scholars grapple with such questions in this volume They offer deep and thought provoking discussions of the habits and commitments of the Christian scholar the methodology and pedagogy of Christian scholarship the role of the Holy Spirit in education Christian approaches to art and literature and more
